Oklahoma City Chums Continued to Serve in 2020

(Oklahoma City) The Covid 19 pandemic may have hampered but did not stop the Oklahoma City Chapter of Chums, Inc. from continuing their community service. Each year the OKC Chums pursue projects that allow them to help children and serve the community. Although there were challenges, the OKC Chums were able to do several projects in 2020.

In February, donated personal hygiene products and school supplies to children at Star Spencer Middle School.

In September, awarded \$1,000 scholarships to Mackenzie Chandler, 2020 graduate of Classen SAS at Northeast and J'lientia McNeal, 2020 graduate of Del City High School.

In October, donated candy for the Blackstar Urban Cultural Market "Afroween 2020" Trunk or Treat event.

In November, served hot coffee and donuts to early voters who waited in line on a cold Saturday morning at the Oklahoma County Election Board to vote in the 2020 General Election. The Chums thanked the voters for coming out.

In December, worked with CASA Oklahoma County to help a family of nine children. Through their "Luggage Love" project they gave the children luggage and Christmas gifts.

"Our community service efforts are guided by our national theme, "listen to the children...enrich their lives." During this crucial time fulfilling our theme became even more important," said Oklahoma City Chapter President Renita Crump. "We were committed to helping children and serving our community."

The Oklahoma City Chapter of Chums, Incorporated is a non-profit organization of professional women dedicated to enriching the lives of children through community service, involvement and engagement. Women interested in joining the chapter are invited to visit their website, www.chumsokc.org.
